HOSTING A WORKSHOP

With a proven track record of delivering successful Mantrailing workshops around the world, Mantrailing Global is excited to continue expanding our reach and making the sport of Mantrailing accessible to more pet dogs and their owners.

Our workshops are designed not only to introduce newcomers to Mantrailing but also to advance teams that already have existing skills, helping them refine their techniques and deepen their understanding of the sport.

Through hosting us, you'll be bringing our expertise right to your doorstep, unlocking a wealth of knowledge, experience, and expert guidance for everyone attending the workshop.

AS THE HOST, YOU'RE IN CHARGE!

When you host us for a workshop, you have the freedom to choose exactly what you want to get out of our time together. Whether it's focusing on specific skills, tackling challenges, or just getting the most out of the experience, we're here to tailor the workshop to fit your needs.

We offer a minimum booking of two days to ensure that all teams benefit to the max! This allows us to dive deeper into the techniques and strategies that will help everyone grow.

Our workshops are intentionally kept small, fostering a focused and supportive environment for personalized learning.

Plus, you have the flexibility to dictate ticket costs for participants so that you can cover your hosting costs!

WHAT YOU GET WHEN YOU HOST US!

Our 2 day workshop is packed with everything you need to enhance your Mantrailing skills and take your training to the next level. You'll benefit from expert instruction from our experienced Head Instructor team, who are passionate about sharing their knowledge and helping you succeed. We offer hands-on experiences that are specifically tailored to a team's unique level, ensuring that whether you're a beginner or have some experience, you'll gain valuable insights and techniques.
